

EAR CARE

Ear cleaning solution for cats and dogs

Ear Care has been designed to help clear the ear canal and remove excess build up of wax allowing the restoration of the normal microbial flora of the ear canal. It is lavender scented and non staining.

Composition

Glycerine
Propylene Glycol
Lactic Acid
Docusate Sodium
Salicylic Acid
Lavender Oil
Water

Specification

LIQUID 

SCENT: 

SPECIES:  

LAVENDER

SIZE: **100ml**

Directions for use

Open the bottle by turning the plastic cap and place the tip into the ear canal. Flood the ear canal with the solution and massage the base of the ear. Use a cotton ball to remove any excess solution. Repeat as necessary.

Wash hands after use.

Ideal as a pre-cleaner to antibiotics as Ear will break up wax and debris to allow antibiotics to penetrate to deeper parts of the ear.

Important:

Do not use on animals with a ruptured ear drum / with a known hypersensitivity or allergy to any ingredients within this solution. Ensure all solution is removed and ear is dry before administering antibiotics.

Key Ingredients

LAVENDER OIL

Reduces irritation within the ear and has an antimicrobial effect

SALICYLIC ACID

Ceruminolytic agent contributes to the breaking up of debris

DOCUSATE SODIUM

Loosens the cerumen allowing it to be removed more easily

LACTIC ACID

Ceruminolytic agent helps eliminate ear wax

Duration of use

Approximately **12** days supply

How to administer

Flood the ear canal with the solution and massage the base of the ear
